PRETTY COZY NAIL COTTAGE

\$\$\$\$\$

Mothers and daughters, this one's for you. A girly getaway tucked off the beaten path near Thonglor 16 and atop Penny's shopping strip, Pretty Cozy Nail Cottage is everything its name suggests. This cute and comfortable cottage offers an intimate setting for enjoying manis and pedis and giggling about ticklish toes, making it the perfect spot for your next mother-daughter date.

Shabby chic decor welcomes guests by way of overstuffed floral armchairs, ottomans, tasteful filigree mirror accents, attractive artwork and Laura Ashley-styled wallpaper, all of which will make you feel like you're visiting a European tea room. This well-established day spa is staffed by courteous and professionally trained nail artists who are experienced not only in artistic nail design but also the best nail and cuticle care, ensuring a safe experience even for the youngest of visitors.

Choose from acrylic nail extensions, gel polish, and spa manicures and pedicures, and have your pick of the

lashings of lacquers. With every conceivable hue of magenta and mauve, plum and pink, turquoise and teal, there's no shortage of chic choices. Just be warned: You're going to be here for a while. The darling daughter in your entourage probably won't be able to make her shade selection quickly...

But hurry not. It's best to linger for a relaxed hour or two getting your gloss on and savoring this little slice of solitude in a quiet, contemplative nook nestled away from the hustle and bustle of the busy bars and bistros below.
